

Monroe County Local Children's Roundtable will host its annual Community Night on Tuesday, April 30, 2024, from 6:00 to 8:00 pm, at the Pocono Campus (formerly known as the Monroe Campus) of Northampton Community College. We invite you, your families, and members of your community organizations to join us for this uplifting event. Our goal is to connect families to services, connect volunteers to programs and bring together as many residents as possible to learn, share, network and have fun as a community!

Community Night is free and open to all. This year's theme is *We Put Unity in Community*. The event will provide information and resources from nearly 100 organizations to families on a variety of topics, including: substance use disorder, mental health, physical health, nutrition, child welfare, education for adults and children, youth programs, our school districts, and support services available to all. There will be a variety of interactive programs and activities for kids. A student art contest is underway! Amerihealth will also have their Mobile Unit at the event to provide free vision and dental screenings for children. All four Monroe County school districts and MCTI will be represented! The Bloodmobile will be on hand. There will also be Narcan distribution and training available on-site.
